*LILIES—HARDY.

The Lily always has been and always will be a favorite. No plants are more suitable for outdoor culture. None of the new varieties have displaced the old White Garden Lily. None surpass the snowy beauty of L. Longiflorum, with flowers nearly six inches across and very fragrant; while for intrinsic beauty, the varieties of Lilium Lancifolium are not excelled by any other flower.

Plant in the spring as soon as the ground is workable, and allow them to remain in the ground for years.

LILIUM TIGRINUM FLORA PLENA—Double Flowering Tiger Lily.

While many other varieties have claimed and merited universal admiration, this is certainly a plant of the most vigorous, stately, hardy habit, growing four feet high, foliage dark green, very long, bearing a large number of very double bright orange-red flowers. Price, flowering roots, 25 cents each; $1.50 per 10.
